

Next Meeting: Tuesday, April 5, 7 PM
OHSU CDRC, 707 SW Gaines, (SW 6th Avenue Drive & SW Gaines)3rd floor
Rich Davidson, rdavidson82@comcast.net; HomesteadNA.org

April Meeting Gaylen Beatty, of the Backyard Habitat Certification Program, will introduce the program. They provide technical assistance to property owners to restore native wildlife habitat and help manage on-site stormwater run off. We will review the designs for our street sign caps, which we plan to have on our website for review before the meeting. We hope to get a decision on the design at this meeting so we can move to the next step. We will discuss the latest on our exploration of traffic calming options for SW Condor Lane and Terwilliger Boulevard under the Marquam Hill Plan. Our Veterans Hospital Liaison will provide information on the new VA garage (ground breaking set for April) and other projects on the VA hospital campus. Finally, we will vote on the Action Plan for the Association for next year, posted on our website. Please join us. *There will be food!*

Questions, or for more information, contact Outreach and Membership Chair Susan Egnor at 503-939-3828 or stegnor@comcast.net.
