Re-Connect by Helping Native Plants Re-Establish

Are you all about "polish" or "power"?

Either way – we'd love to see you Saturday, June 13th

(We'll be here 9am to noon - although you don't need to stay for the full event...)

If you like to "polish" - we could use your fastidious nature to help us finish off an area where we've already removed tons of ivy and blackberries – and replanted natives. (All the nasty work is done!) Now is the time to dig out those few remaining blackberry and ivy shoots that are peeking out of the ground... This area just needs a little polish - and it will be complete.

If you are all about "power" (or just want to relieve a little stress) we could use that energy to help liberate a tiny creek-side glen (just across from the area getting "polished") – which is still covered with a choking blanket of blackberries and ivy...

Even if you only have an hour - working together we can make a difference.

Gloves, tools, GREAT snacks (and oh so warm camaraderie) will be provided. Meet at the trailhead at 12th and Gaines (here). Some street parking is available. Parking is also available on Saturdays in the OHSU lot near 6th and Gaines.

Go To HomesteadNA.org for details – or call 503-939-3828
